AP Psychology Quarterly News Articles and Summaries Directions

A. Articles:

1. Go to APA.org and click on research articles. **See below for a list of topics next to your name (you may use any articles on APA on your topic . There are side links as well in related topics and related research)**
2. Copy the web address to your summary.
3. Please type the following:
 - a. The heading for AP Psychology
 - b. The title of the article
 - c. The exact source of the article (the web address is fine)
 - d. Number each article 1-5
 - e. Summarize EACH article in 2 paragraphs (5-8 sentences per paragraph) the main points of the article. **DO NOT PLAGIARIZE!**
 - f. Find at least 2 vocabulary words or psychological terms in each article and define them after the summary using a complete sentence.
 - g. Avoid lengthy quotes
 - h. Feel free to add your opinion or the significance of the research in a third (optional) paragraph
4. Put the 5 articles in numeric order and upload to the Chrome Books
5. Be prepared to present at least one article to the class.
6. No late articles will be accepted!

B. The Presentation: This is a seminar and it is your job to be prepared to teach the class!

1. You may reference your Chrome Book for source and title and terms
2. Please summarize the article in your own words and include your opinion or questions and define the two terms
3. The class will ask you questions or make observations

4. Each student will then upload a comment to the place on the Chrome books for comments.
